

Title I
Parent and Family
Engagement
 Polk County Public Schools

2016-2017 Polk County Public TITLE I Schools

Lake Alfred Elementary School Compact for Learning

District and School-based Title I Parent and Family Engagement Programs in Polk County Public Schools will strive to **BUILD RELATIONSHIPS** in order to create real family engagement for **every** child, every family, **every** teacher, **every** day.

This compact outlines how the parents/family, the entire school staff, and the students will share the responsibility for improved student academic achievement. By linking learning, the school and parents will build and develop a partnership that will help our students achieve the state's high standards for the school year.

We will support learning in the following ways;	Staff Responsibilities	Parent/Family Responsibilities	Student Responsibilities
Curriculum-High Academics	Delivery of rigorous instruction that is differentiated for reading, math, writing and science in grades K-5. Promote a challenging learning atmosphere where students are thirsty for more knowledge in all content areas.	Reinforce what my child is learning in the classroom by providing a suitable time and place for homework. Make sure my child attends school each day and is on-time and ready to learn.	Be prepared to learn at school and home, displaying a positive attitude and willingness to work with my teacher as I strive to be a successful student and put forth my best effort in everything I do.
Monitoring Student Progress	Continually be informed of each student's progress: their strengths and weaknesses in all content areas and above all their expected growth and the roadmap for reaching mastery. Work with all staff members to ensure that each student's needs are met.	Attend all teacher-parent conferences so I can be kept updated on my child's participation, success and unique learning needs. Support the school staff in making decisions that are in the best interest of my child's academic needs.	Strive to always do my best with my classwork and tests by setting goals for myself and continually trying to reach them. I understand that if I work hard, I can succeed. Even though I may not be the best at everything, I must keep trying and never give up.
Partnership - Be Involved	I will support my school by being an active member in school activities, sharing and supporting the school compact with parents and creating a positive partnership to support the success of each student.	I will be actively involved in my child's education by partnering with the teachers and staff members as we work together for the success of each student through attending parent nights, conferences, PTO, SAC, and other school activities.	I will work as a partner with my teachers, classmates and other staff members.
Communication - Stay Informed	Keep parents informed of their child's academic standing, behavior or anything that would have an impact upon their learning success. I will provide opportunities for parents to be involved in their child's learning.	Always strive to keep an open line of communication between home and the school. Return requested forms to the school on a timely basis. I understand that my input into the school compact is expected and encouraged.	I will always ask for help when I need it and will bring home any information from the school to my parent or guardian. I will bring my agenda to school every day.
Learning Environment	Recognize that each student is unique in their own academic needs and constantly strive towards meeting those needs for each student in my classroom. My classroom will be safe and supportive.	I will ensure that my child gets a good night's sleep so they can be ready and willing to learn each day. I support my child being respectful towards his/her teacher and will work with the teacher to achieve it.	I will be respectful of myself, the school and others and will cooperate and have good manners in everything I do. I will work hard every day and will do my best to succeed.
